Seit 1872

LEVER-LID CANS/ LEVER-LID PAILS

The classics among tinplate packaging are used mainly in the varnish and paint industry and are available in the sizes from 125 ml to 6 l. Lever-lid pails are supplied either with an attached handle or with the handle included separately inside the lid. In case of water-based contents, protection against corrosion is provided by varnishing and/or PET-coating on the inside.

SIZES AND VERSIONS

Quantity per EURO-Pallet

LEVER-LID CANS	Volume in l	ø (mm)	Height (mm)	RL-Ring	TT-Ring	max. 1,2 m	approx. 2 m
	0,125	56	70	X		4200	6600
