

CONICAL PAILS

SERIES Ø285

Conical pails require two-thirds less warehousing space when empty. Pails can be completely emptied without leaving any residue. Our product series „conical pails 285 mm” is available within a range of 10 - 25 l. This product range is UN approved. In case of water-based contents, protection against corrosion is provided by varnishing and/or PET-coating on the inside.

LID VERSIONS

*lug lid closing tool for lid 1 and lid 2 upon request
