LIMBURGER
THE PACKAGING GROUP

PAILS (CONICAL)

Conical pails require two-thirds less warehousing space when empty. Pails can be completely emptied without leaving any residue. Sizes up to a diameter of 280 mm are delivered with 1 handle, from 328 mm diameter with a carrying-handle on either side. As closures we offer clamp-lids, lids with L-Ring or lids with a clamping-ring. In case of water-based contents, protection against corrosion is provided by varnishing and/or PET-coating on the inside.

SIZES AND VERSIONS

	Volume in l	ø (mm) Top/Bottom	Height (mm)	Clamping- 98Ring	L-Ring	Approval	Quantity per EURO-Pallet without lid	EURO-Pallet- height
PAILS (CONICAL)	5,0	195 / 182	230	X		UN •	280	max. 1,2 m
	6,0	230 / 217	180	X	X +	UN •	180	max. 1,2 m
	10,0	230 / 217	285	X	X +	UN •	150	max. 1,2 m
	11,5	230 / 217	325	X	X +	UN •	150	max. 1,2 m
	12,5	230 / 217	340	X	X +	UN •	150	max. 1,2 m
	20,0	280 / 263	395	X		UN	176	approx. 2 m
	20,0	328 / 312	280	X	X +	UN •	119	approx. 2 m
	28,0	328 / 312	390	X	X +	UN •	105	approx. 2 m
	30,0	328 / 312	410	X	X +	UN •	105	approx. 2 m
	32,0	328 / 312	450	X	X +	UN •	105	approx. 2 m

+ also available with clamp lid | • Also available with RID / ADR approval

With the nominal diameters 280 / 263 and 328 / 312, the number of items per Euro pallet differs if the lids are also on the pallet.

Other sizes possible on request.
